NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
6. *Mr. Laughren*—Resolution—That this House, recognizing that the Province's forest lands require detailed classification, complete regeneration treatment after harvest and diligent tending of new growth, and further recognizing

that these measures require a substantial financial commitment and a similar commitment of human resources in the field, requests the Government to make a statutory commitment to sustained yield forest management to ensure that at least two trees are planted for every one harvested and that every acre harvested be regenerated.

7. *Mr. Havrot*—Resolution—That given the persuasive evidence that properly installed smoke detectors do help prevent tragic loss of life and property damage by providing occupants of a dwelling with an early warning in the case of fire, this House urges all municipalities which have not already done so to pass by-laws under the Planning Act to require that, regardless of their date of construction, all homes, apartments, and such public buildings as hotels and motels be fitted with appropriate smoke detectors; and that the insurance industry encourage homeowners to install smoke detectors by offering more attractive insurance rates to homeowners who install smoke detectors on their property.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult second-

ary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.

12. *Mr. Allen*—Resolution—That this House recognizes that some 1.5 million jobless constitute a serious moral as well as an economic crisis and hereby endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis". Further, this House urges the Government of Ontario and the Government of Canada to proceed immediately with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) first, unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis; (2) second, an industrial strategy should be developed to create permanent and meaningful jobs for people in local communities; (3) third, a more balanced and equitable program should be developed for reducing and stemming the rate of inflation, shifting the burden of income restraint to upper income earners and increasing taxation on investment income and corporations; (4) fourth, greater emphasis should be given to the goal of social responsibility in the current recession, ending cut-backs in social services, maintaining adequate health care and social security benefits, and above all, guaranteeing special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shutdowns; and (5) fifth, labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires, among other things, immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision-making and ownership in the workplace.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with

the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
6. *Mr. Laughren*—Resolution—That this House, recognizing that the Province's forest lands require detailed classification, complete regeneration treatment after harvest and diligent tending of new growth, and further recognizing

that these measures require a substantial financial commitment and a similar commitment of human resources in the field, requests the Government to make a statutory commitment to sustained yield forest management to ensure that at least two trees are planted for every one harvested and that every acre harvested be regenerated.

7. *Mr. Havrot*—Resolution—That given the persuasive evidence that properly installed smoke detectors do help prevent tragic loss of life and property damage by providing occupants of a dwelling with an early warning in the case of fire, this House urges all municipalities which have not already done so to pass by-laws under the Planning Act to require that, regardless of their date of construction, all homes, apartments, and such public buildings as hotels and motels be fitted with appropriate smoke detectors; and that the insurance industry encourage homeowners to install smoke detectors by offering more attractive insurance rates to homeowners who install smoke detectors on their property.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult second-

ary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.

12. *Mr. Allen*—Resolution—That this House recognizes that some 1.5 million jobless constitute a serious moral as well as an economic crisis and hereby endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis". Further, this House urges the Government of Ontario and the Government of Canada to proceed immediately with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) first, unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis; (2) second, an industrial strategy should be developed to create permanent and meaningful jobs for people in local communities; (3) third, a more balanced and equitable program should be developed for reducing and stemming the rate of inflation, shifting the burden of income restraint to upper income earners and increasing taxation on investment income and corporations; (4) fourth, greater emphasis should be given to the goal of social responsibility in the current recession, ending cut-backs in social services, maintaining adequate health care and social security benefits, and above all, guaranteeing special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shutdowns; and (5) fifth, labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires, among other things, immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision-making and ownership in the workplace.
13. *Mr. Reid (Rainy River)*—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with

the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.

passed on December 16th, 1983)*

Ballot Item No. 6

Mr. Laughren—Resolution—That this House, recognizing that the Province's forest lands require detailed classification, complete regeneration treatment after harvest and diligent tending of new growth, and further recognizing that these measures require a substantial financial commitment and a similar commitment of human resources in the field, requests the Government to make a statutory commitment to sustained yield forest management to ensure that at least two trees are planted for every one harvested and that every acre harvested be regenerated. *To be debated Today.*

Ballot Item No. 7

Mr. Havrot—Resolution—That given the persuasive evidence that properly installed smoke detectors do help prevent tragic loss of life and property damage by providing occupants of a dwelling with an early warning in the case of fire, this House urges all municipalities which have not already done so to pass by-laws under the Planning Act to require that, regardless of their date of construction, all homes, apartments, and such public buildings as hotels and motels be fitted with appropriate smoke detectors; and that the insurance industry encourage homeowners to install smoke detectors by offering more attractive insurance rates to homeowners who install smoke detectors on their property. *To be debated Today.*

Ballot Item No. 8

Second Reading Bill 32, An Act to provide for a Basic Residential Power Rate Applicable to the Essential Energy Needs of Residential Households in Ontario.
Mr. Sargent. To be debated Thursday, April 26th, 1984.

Ballot Item No. 9

Mr. Allen—Resolution—That this House recognizes that some 1.5 million jobless constitute a serious moral as well as an economic crisis and hereby endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis". Further, this House urges the Government of Ontario and the Government of Canada to proceed immediately with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) first, unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis; (2) second, an industrial strategy should be developed to create permanent and meaningful jobs for people in local communities; (3) third, a more balanced and equitable program should be developed for reducing and stemming the rate of inflation, shifting the burden of income restraint to upper income earners and increasing taxation on investment income and corporations; (4) fourth, greater emphasis should be given to the goal of social responsibility in the current recession, ending cut-backs in social services, maintaining adequate health care and social security benefits, and above all, guaranteeing special assistance for the unemployed, welfare recipients, the working poor and one-

industry towns suffering from plant shut-downs; and (5) fifth, labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires, among other things, immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision-making and ownership in the workplace. *To be debated Thursday, April 26th, 1984.*

Ballot Item No. 10

Mr. Stevenson—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors. *To be debated Thursday, May 3rd, 1984.*

Ballot Item No. 11

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.

8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
12. *Mr. Allen*—Resolution—That this House recognizes that some 1.5 million jobless constitute a serious moral as well as an economic crisis and hereby endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis". Further, this House urges the Government of Ontario and the Government of Canada to proceed immediately with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) first, unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis; (2) second, an industrial strategy should be developed to create permanent and meaningful jobs for people in local com-

munities; (3) third, a more balanced and equitable program should be developed for reducing and stemming the rate of inflation, shifting the burden of income restraint to upper income earners and increasing taxation on investment income and corporations; (4) fourth, greater emphasis should be given to the goal of social responsibility in the current recession, ending cut-backs in social services, maintaining adequate health care and social security benefits, and above all, guaranteeing special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shutdowns; and (5) fifth, labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires, among other things, immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision-making and ownership in the workplace.

13. *Mr. Reid (Rainy River)*—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.
16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give

consideration to covering the costs of travel for one parent or guardian of such a child.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Items Nos. 6 and 7—Debated Wednesday, April 18th, 1984.

Ballot Item No. 8

Second Reading Bill 32, An Act to provide for a Basic Residential Power Rate Applicable to the Essential Energy Needs of Residential Households in Ontario. Mr. Sargent. To be debated Thursday, April 26th, 1984.

Ballot Item No. 9

Mr. Allen—Resolution—That this House recognizes that some 1.5 million jobless constitute a serious moral as well as an economic crisis and hereby endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis". Further, this House urges the Government of Ontario and the Government of Canada to proceed immediately with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) first, unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis; (2) second, an industrial strategy should be developed to create permanent and meaningful jobs for people in local communities; (3) third, a more balanced and equitable program should be developed for reducing and stemming the rate of inflation, shifting the burden of income restraint to upper income earners and increasing taxation on investment income and corporations; (4) fourth, greater emphasis should be given to the goal of social responsibility in the current recession, ending cut-backs in social services, maintaining adequate health care and social security benefits, and above all, guaranteeing special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shut-downs; and (5) fifth, labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires, among other things, immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision-making and ownership in the workplace. To be debated Thursday, April 26th, 1984.

Ballot Item No. 10

Mr. Stevenson—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors. To be debated Thursday, May 3rd, 1984.

Ballot Item No. 11

Second Reading Bill 8, An Act to amend the Liquor Control Act. *Mr. Boudria. To be debated Thursday, May 3rd, 1984.*

Ballot Item No. 12

*Mr. Foulds—Resolution—*That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child. *To be debated Thursday, May 10th, 1984.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
12. *Mr. Allen*—Resolution—That this House recognizes that some 1.5 million jobless constitute a serious moral as well as an economic crisis and hereby endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis". Further, this House urges the Government of Ontario and the Government of Canada to proceed immediately with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) first, unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis; (2) second, an industrial strategy should be developed to create permanent and meaningful jobs for people in local communities; (3) third, a more balanced and equitable program should be developed for reducing and stemming the rate of inflation, shifting the burden of income restraint to upper income earners and increasing taxation on invest-

ment income and corporations; (4) fourth, greater emphasis should be given to the goal of social responsibility in the current recession, ending cut-backs in social services, maintaining adequate health care and social security benefits, and above all, guaranteeing special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shutdowns; and (5) fifth, labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires, among other things, immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision-making and ownership in the workplace.

13. *Mr. Reid (Rainy River)*—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.
16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.

17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

315. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House which, if any, of the medical services and procedures covered by OHIP, does the Ministry view as being undercompensated in the present OHIP schedule. *April 18th, 1984.*
316. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House which, if any, of the medical services and procedures covered by OHIP, does the Ministry view as being overcompensated in the present OHIP schedule. *April 18th, 1984.*
317. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House whether the Ministry plans to close any psychiatric facilities this year. If so, which ones and how will the services they now offer be continued. *April 18th, 1984.*
318. *Mr. Swart*—Enquiry of the Ministry—Would the Minister of Municipal Affairs and Housing table a detailed list of the owners of the approximately 7,000 acres of land in the Brampton official plan which are proposed for redesignation from rural to urban uses and which are the subject of an Ontario Municipal Board hearing commencing on or about June 4th, 1984. Further, would the Minister table a similar detailed list of the owners of the approximately 800 acres of land in Caledon proposed to be changed from rural to urban uses and which are the subject of an Ontario Municipal Board hearing commencing on or about April 30th, 1984. *April 24th, 1984.*
319. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health table the following information about the Health Services Appeal Board: (1) what is the Board's mandate; (2) what guidelines does the Board follow; and (3) what health services can be appealed, and under what circumstances. *April 24th, 1984.*
320. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health table the following information about the Health Services Appeal Board: (1) how many appeals have been made to the Board for medically-necessary travel, that have originally been denied by the Air Ambulance Branch of the Ministry of Health, for each of the following time spans: 1975-1980, 1980-1982, 1983; (2) how many of these appeals were for travel outside Canada; (3) how many of these appeals were for travel outside Ontario, but within Canada; (4) how many were for travel within Ontario; (5) when did the Board first start hearing appeals for medically-necessary travel; (6) how many appeals for medically-necessary travel have been successful; and (7) how many such appeals have been rejected. *April 24th, 1984.*

321. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health inform the House of any studies done by the Ministry of Health into the cost of incorporating as a fully-insured service under OHIP, medically-necessary travel, as determined by a qualified physician, for residents of (a) Northern Ontario, and (b) the entire province. Would the Minister table any and all such proposals, and documents related to such studies. *April 24th, 1984.*
322. *Mr. Martel*—Enquiry of the Ministry—Will the Minister of Tourism and Recreation table information as to the amount of funds allocated to (1) the study of the University of Waterloo under Professor Bishop regarding hockey injuries across Canada; (2) the study at Sunnybrook Medical Centre by Dr. Tator regarding the number of hockey injuries; and (3) the Sports Medicine Division of the Ontario Sports Centre. *April 24th, 1984.*
323. *Mr. Johnston (Scarborough West)*—Enquiry of the Ministry—Would the Minister of Correctional Services provide the number of retarded or low intellectual functioning clients of the correctional facilities in the province according to the category of facility, to the age of the clients (i.e. 16-18 year olds and adults) and, if possible, with a correlation of types and lengths of sentences. *April 25th, 1984.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
12. *Mr. Allen*—Resolution—That this House recognizes that some 1.5 million jobless constitute a serious moral as well as an economic crisis and hereby endorses the economic and social reform program proposed by the Canadian Council of Catholic Bishops in the document entitled "Ethical Reflections on the Economic Crisis". Further, this House urges the Government of Ontario and the Government of Canada to proceed immediately with legislative and policy enactments which will implement the five specific short-term strategies outlined in the document, namely: (1) first, unemployment rather than inflation, should be recognized as the number one problem to be tackled in overcoming the present crisis; (2) second, an industrial strategy should be developed to create permanent and meaningful jobs for people in local communities; (3) third, a more balanced and equitable program should be developed for reducing and stemming the rate of inflation, shifting the burden of income restraint to upper income earners and increasing taxation on invest-

ment income and corporations; (4) fourth, greater emphasis should be given to the goal of social responsibility in the current recession, ending cut-backs in social services, maintaining adequate health care and social security benefits, and above all, guaranteeing special assistance for the unemployed, welfare recipients, the working poor and one-industry towns suffering from plant shutdowns; and (5) fifth, labour unions should be asked to play a more decisive and responsible role in developing strategies for economic recovery and employment. This requires, among other things, immediate steps to redress the historic exclusion of labour from an ongoing role in effective industrial decision-making and ownership in the workplace.

13. *Mr. Reid (Rainy River)*—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.
16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.

17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

315. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House which, if any, of the medical services and procedures covered by OHIP, does the Ministry view as being undercompensated in the present OHIP schedule. *April 18th, 1984.*
316. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House which, if any, of the medical services and procedures covered by OHIP, does the Ministry view as being overcompensated in the present OHIP schedule. *April 18th, 1984.*
317. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House whether the Ministry plans to close any psychiatric facilities this year. If so, which ones and how will the services they now offer be continued. *April 18th, 1984.*
318. *Mr. Swart*—Enquiry of the Ministry—Would the Minister of Municipal Affairs and Housing table a detailed list of the owners of the approximately 7,000 acres of land in the Brampton official plan which are proposed for redesignation from rural to urban uses and which are the subject of an Ontario Municipal Board hearing commencing on or about June 4th, 1984. Further, would the Minister table a similar detailed list of the owners of the approximately 800 acres of land in Caledon proposed to be changed from rural to urban uses and which are the subject of an Ontario Municipal Board hearing commencing on or about April 30th, 1984. *April 24th, 1984.*
319. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health table the following information about the Health Services Appeal Board: (1) what is the Board's mandate; (2) what guidelines does the Board follow; and (3) what health services can be appealed, and under what circumstances. *April 24th, 1984.*
320. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health table the following information about the Health Services Appeal Board: (1) how many appeals have been made to the Board for medically-necessary travel, that have originally been denied by the Air Ambulance Branch of the Ministry of Health, for each of the following time spans: 1975-1980, 1980-1982, 1983; (2) how many of these appeals were for travel outside Canada; (3) how many of these appeals were for travel outside Ontario, but within Canada; (4) how many were for travel within Ontario; (5) when did the Board first start hearing appeals for medically-necessary travel; (6) how many appeals for medically-necessary travel have been successful; and (7) how many such appeals have been rejected. *April 24th, 1984.*

321. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health inform the House of any studies done by the Ministry of Health into the cost of incorporating as a fully-insured service under OHIP, medically-necessary travel, as determined by a qualified physician, for residents of (a) Northern Ontario, and (b) the entire province. Would the Minister table any and all such proposals, and documents related to such studies. *April 24th, 1984.*
322. *Mr. Martel*—Enquiry of the Ministry—Will the Minister of Tourism and Recreation table information as to the amount of funds allocated to (1) the study of the University of Waterloo under Professor Bishop regarding hockey injuries across Canada; (2) the study at Sunnybrook Medical Centre by Dr. Tator regarding the number of hockey injuries; and (3) the Sports Medicine Division of the Ontario Sports Centre. *April 24th, 1984.*
323. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Correctional Services provide the number of retarded or low intellectual functioning clients of the correctional facilities in the province according to the category of facility, to the age of the clients (i.e. 16-18 year olds and adults) and, if possible, with a correlation of types and lengths of sentences. *April 25th, 1984.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
12. *Debated April 26th, 1984.*
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it

with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.
16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la Loi constitutionnelle de 1982 prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la Charte canadienne des droits et libertés par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

Answers to Questions Nos. 278 to 285 inclusive, and 291, tabled Thursday, April 26th, 1984.

315. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House which, if any, of the medical services and procedures covered by OHIP, does the Ministry view as being undercompensated in the present OHIP schedule. *April 18th, 1984.*

316. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House which, if any, of the medical services and procedures covered by OHIP, does the Ministry view as being overcompensated in the present OHIP schedule. *April 18th, 1984.*

317. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House whether the Ministry plans to close any psychiatric facilities this year. If so, which ones and how will the services they now offer be continued. *April 18th, 1984.*

318. *Mr. Swart*—Enquiry of the Ministry—Would the Minister of Municipal Affairs and Housing table a detailed list of the owners of the approximately 7,000 acres of land in the Brampton official plan which are proposed for redesignation from rural to urban uses and which are the subject of an Ontario Municipal Board hearing commencing on or about June 4th, 1984. Further, would the Minister table a similar detailed list of the owners of the approximately 800 acres of land in Caledon proposed to be changed from rural to urban uses and which are the subject of an Ontario Municipal Board hearing commencing on or about April 30th, 1984. *April 24th, 1984.*

319. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health table the following information about the Health Services Appeal Board: (1) what is the Board's mandate; (2) what guidelines does the Board follow; and (3) what health services can be appealed, and under what circumstances. *April 24th, 1984.*

320. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health table the following information about the Health Services Appeal Board: (1) how many appeals have been made to the Board for medically-necessary travel, that have originally been denied by the Air Ambulance Branch of the Ministry of Health, for each of the following time spans: 1975-1980, 1980-1982, 1983; (2) how many of these appeals were for travel outside Canada; (3) how many of these appeals were for travel outside Ontario, but within Canada; (4) how many were for travel within Ontario; (5) when did the Board first

start hearing appeals for medically-necessary travel; (6) how many appeals for medically-necessary travel have been successful; and (7) how many such appeals have been rejected. *April 24th, 1984.*

321. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health inform the House of any studies done by the Ministry of Health into the cost of incorporating as a fully-insured service under OHIP, medically-necessary travel, as determined by a qualified physician, for residents of (a) Northern Ontario, and (b) the entire province. Would the Minister table any and all such proposals, and documents related to such studies. *April 24th, 1984.*
 322. *Mr. Martel*—Enquiry of the Ministry—Will the Minister of Tourism and Recreation table information as to the amount of funds allocated to (1) the study of the University of Waterloo under Professor Bishop regarding hockey injuries across Canada; (2) the study at Sunnybrook Medical Centre by Dr. Tator regarding the number of hockey injuries; and (3) the Sports Medicine Division of the Ontario Sports Centre. *April 24th, 1984.*
 323. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Correctional Services provide the number of retarded or low intellectual functioning clients of the correctional facilities in the province according to the category of facility, to the age of the clients (i.e. 16-18 year olds and adults) and, if possible, with a correlation of types and lengths of sentences. *April 25th, 1984.*
 324. *Mr. Wrye*—Enquiry of the Ministry—Will the Attorney General advise the House on the number of outstanding orders for family support from negligent spouses that currently exist in Ontario. *April 27th, 1984.*
 325. *Mr. Wrye*—Enquiry of the Ministry—Will the Minister of Community and Social Services advise the House of: (a) the total number of Orders-in-Council for personal attendant care that have been requested, and (b) the number of successful applications. *April 27th, 1984.*
 326. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources provide the results of the review undertaken in October, 1983, by the task force of the Forest Resources Group pertaining to the procedures and measures of forest regeneration. *April 27th, 1984.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the con-

tribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.
16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17.
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

What is the overall total expenditure, and the breakdown into the above categories for the four years 1980-81 to 1983-84. By how much does the four year total fall below the \$27.5 million given as the projected total cost of the project in the April 1980 Information Paper, *Mentally Retarded Clients in the Homes for Special Care and the Extended Care Program*. To what extent, if at all, can the shortfall in expenditure be explained by reference to any reduction in the need for development programming which may have been identified in the course of the Tri-Ministry Project's operations. (Original notice December 6th, 1983.) *March 27th, 1984.*††††
250. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Ministry provide, for each of the homes for special care and nursing homes accommodating mentally retarded people subject to the Tri-Ministry Project, the following information: (a) the number of mentally retarded people in residence; (b) the number whose capacity to participate in specialized developmentally training programmes has been assessed by the Project; (c) the number so assessed who were found able so to participate; (d) the number for whom individualized programme plans (IPP's) have been completed; (e) the number for whom IPP's remain to be prepared; and (f) the number with completed IPP's for whom the prescribed developmental training has

been provided: (i) fully; (ii) partially; or (iii) not at all. (*Original notice December 6th, 1983.*) *March 27th, 1984.*††††

251. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—In which nursing homes or homes for special care are service coordinators in place without any other developmental programming funded and implemented by the Tri-Ministry Project. How many mentally retarded people for whom IPP's have been prepared reside in these facilities. How much time has elapsed from the completion of these IPP's to date. (*Original notice December 6th, 1983.*) *March 27th, 1984.*††††
252. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—How much has been charged by nursing homes and homes for special care to the Tri-Ministry Project in rental or other fees in respect of office or other space occupied by service coordinators or otherwise utilized for developmental programming initiated by the Project, for each fiscal year since 1980-81. How many assignable square feet of space have been secured in return for these rental or other fees. (*Original notice December 6th, 1983.*) *March 27th, 1984.*††††
253. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—What is the total amount paid by the Tri-Ministry Project to owners and operators of private nursing homes and homes for special care, for each fiscal year since 1980-81, in respect of administration fees or other charges related to the establishment and operation of service coordination programmes. How much of these funds were paid to each of the nursing homes or homes for special care in which service coordination programmes are in place. (*Original notice December 6th, 1983.*) *March 27th, 1984.*††††
254. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—How much has been expended in total by the Tri-Ministry Project, and in which nursing homes and homes for special care, for each fiscal year since 1980-81, on enhanced staffing programmes. How much of these expenditures have been paid in respect of administration fees. How many nurses' aides or other employees have been hired by each facility receiving funds for enhanced staffing. How much of the time of such nurses' aides or other employees have been devoted to developmental programming, as distinct from general nursing or personal care, and by what means has such allocation of time been monitored. (*Original notice December 6th, 1983.*) *March 27th, 1984.*††††
255. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—How much has been provided by the Tri-Ministry Project in total, and to which nursing homes or homes for special care, for each fiscal year since 1980-81, in respect of capital improvements to buildings, grounds, equipment, etc. On what items have such funds been expended. (*Original notice December 6th, 1983.*) *March 27th, 1984.*††††
256. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—How much money has been provided by the Tri-Ministry Project in total, and to which nursing homes or homes for the special care, for each fiscal year since 1980-81, for items other than rental of space, administration fees on service coor-

dination programmes, enhanced staffing and administration charges in respect of such staffing, and capital improvements. In particular, how much has been provided in respect of telephone service, heating and other utilities, transportation and staff other than service coordinators or persons hired with funds allocated for enhanced staffing. 287. *Mr. Grande*—Enquiry of the Ministry—Would the Minister responsible table the following information concerning “Ontario—An informal history of the land and its people”: (1) the commission, plus any other financial arrangements or amenities Robert Choquette has earned, or will earn, from the Government of Ontario for this booklet; (2) how many copies of the booklet were printed; was the printing tendered or done in-house, and if tendered, which companies submitted bids and which company was successful and at what price; (3) what is the cost per booklet; (4) what was the cost of distribution per copy; and (5) who received it. *April 10th, 1984.*
288. *Mr. Allen*—Enquiry of the Ministry—Will the Treasurer table the complete results of the survey cited by his officials in a November 1983 slide presentation to show that 61% of Ontario residents favour cuts in arts spending, together with the complete schedule of questions asked and information on the size and composition of the sample surveyed. What was the total cost of this survey. By whom was it conducted. Why was a copy of this survey and its results not provided to the Special Committee for the Arts when requested by that body to assist it in its work. *April 10th, 1984.*
289. *Mr. Allen*—Enquiry of the Ministry—Will the Minister of Citizenship and Culture table full details of the cost of the Special Committee for the Arts, including remuneration of members, staff costs, travel and public hearing costs, other expenses and the cost of preparing, printing and distributing the report of the committee. Will the Minister also provide details of the cost of the survey entitled, “The perceptions, attitudes and behaviour of Ontario residents toward the arts in the Province: 1983”, prepared by Access Survey Research in collaboration with Louis Harris and Associates, together with her best estimate of the extent to which this survey duplicated the survey previously conducted by or for the Treasury whose results were denied to the Special Committee for the Arts. Has the Ministry been given access to the Treasury survey results. *April 10th, 1984.*
290. *Mr. Di Santo*—Enquiry of the Ministry—Will the Minister of Government Services inform the House whether the Government has made any decision on the use of the land at the northwest corner of Falstaff Avenue and Keele Street, previously used by the Ministry of Transportation and Communications. Would the Minister also inform the House if the City of North York has been approached regarding the disposition of the site. If the Government has not come to a final decision yet, can the Ministry reassure the residents that no high rise is considered for the site and that the use of the same will not alter the character of the area which is now a single-dwelling neighbourhood. *April 11th, 1984.*
291. *Answered April 26th, 1984.*
292. *Mr. Reid (Rainy River)*—Enquiry of the Ministry—Would the various ministries table copies of the public opinion polls taken by them from February 1st, 1982 to March 1st, 1983, the cost of the polls, and the name of the firm who conducted the polls. This question was asked, and although promised an answer by December 1983, only three polls were provided. *April 13th, 1984.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Item No. 10

Mr. Stevenson—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors. *To be debated Thursday, May 3rd, 1984.*

Ballot Item No. 11

Second Reading Bill 8, An Act to amend the Liquor Control Act. *Mr. Boudria. To be debated Thursday, May 3rd, 1984.*

Ballot Item No. 12

Mr. Foulds—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child. *To be debated Thursday, May 10th, 1984.*

Ballot Item No. 13

Mr. Cureatz—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law. *To be debated Thursday, May 10th, 1984.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,
 and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the con-

tribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.
16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

- a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;
- b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the con-

tribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.
16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984.*

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.

10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.

11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.

13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.

14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the con-

tribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

15. *Mr. Stevenson*—Resolution—Recognizing that trade plays a vital role in Ontario's economy, and that trade policies will be a key factor in determining our province's future, and given that over 70 per cent of our trade is with the United States, this House urges federal-provincial co-operation and direct provincial participation in the recently initiated Canada-U.S. discussions on sectoral free trade arrangements, in order to examine the potential long-term benefits to Ontario of free trade arrangements in selected industry sectors.
16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17.
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended 2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts (3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended 3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions (3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié 1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié 2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario (3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984.*

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the con-

tribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

15. *Debated May 3rd, 1984.*

16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.

17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.

18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

- a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;
- b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984.*

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents,

reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

Ballot Items No. 10 and 11—*Debated Thursday, May 3rd, 1984.*

Ballot Item No. 12

Mr. Foulds—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child. *To be debated Thursday, May 10th, 1984.*

Ballot Item No. 13

Mr. Cureatz—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law. *To be debated Thursday, May 10th, 1984.*

Ballot Item No. 14

Second Reading Bill 53, An Act to amend the Planning Act, 1983. Mr. Spensieri. *To be debated Thursday, May 17th, 1984.*

Ballot Item No. 15

Mr. Grande—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes

over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses. *To be debated Thursday, May 17th, 1984.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the con-

tribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984.*

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents,

reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

QUESTIONS

307. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health table the number of children under 16 who have been in residential care in the past three years in psychiatric wards of general hospitals and specify the numbers by individual year, by individual hospital. *April 16th, 1984.*
308. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health table the number of adults under loosened Lieutenant Governor's warrants currently in outpatient mental health programs in each provincial psychiatric hospital or other health care facility. *April 16th, 1984. †††††*
309. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health table how many patients were placed in each provincial psychiatric hospital under Lieutenant Governor's warrants and, of those, how many are in secure ward settings. *April 16th, 1984. †††††*
310. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health table a list of the locations, number and date of occupancy of the 1,000 "approved" nursing home beds referred to the Ministry in Hansard at page 4079, December 1, 1981. *April 16th, 1984.*
- 311 to 314 inclusive. *Answered April 30th, 1984.*
315. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House which, if any, of the medical services and procedures covered by OHIP, does the Ministry view as being undercompensated in the present OHIP schedule. *April 18th, 1984.*
316. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health inform the House which, if any, of the medical services and procedures covered by OHIP, does the Ministry view as being overcompensated in the present OHIP schedule. *April 18th, 1984.*
317. *Answered April 30th, 1984.*
318. *Mr. Swart*—Enquiry of the Ministry—Would the Minister of Municipal Affairs and Housing table a detailed list of the owners of the approximately 7,000 acres of land in the Brampton official plan which are proposed for redesignation from rural to urban uses and which are the subject of an Ontario Municipal Board hearing commencing on or about June 4th, 1984. Further, would the Minister table a similar detailed list of the owners of the approximately 800 acres of land in Caledon proposed to be changed from rural to urban uses and which are the subject of an Ontario Municipal Board hearing commencing on or about April 30th, 1984. *April 24th, 1984.*
319. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health table the following information about the Health Services Appeal Board: (1) what is the Board's mandate; (2) what guidelines does the Board follow; and (3) what health services can be appealed, and under what circumstances. *April 24th, 1984.*

320. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health table the following information about the Health Services Appeal Board: (1) how many appeals have been made to the Board for medically-necessary travel, that have originally been denied by the Air Ambulance Branch of the Ministry of Health, for each of the following time spans: 1975-1980, 1980-1982, 1983; (2) how many of these appeals were for travel outside Canada; (3) how many of these appeals were for travel outside Ontario, but within Canada; (4) how many were for travel within Ontario; (5) when did the Board first start hearing appeals for medically-necessary travel; (6) how many appeals for medically-necessary travel have been successful; and (7) how many such appeals have been rejected. *April 24th, 1984.*
321. *Mr. Foulds*—Enquiry of the Ministry—Would the Minister of Health inform the House of any studies done by the Ministry of Health into the cost of incorporating as a fully-insured service under OHIP, medically-necessary travel, as determined by a qualified physician, for residents of (a) Northern Ontario, and (b) the entire province. Would the Minister table any and all such proposals, and documents related to such studies. *April 24th, 1984.*
322. *Mr. Martel*—Enquiry of the Ministry—Will the Minister of Tourism and Recreation table information as to the amount of funds allocated to (1) the study of the University of Waterloo under Professor Bishop regarding hockey injuries across Canada; (2) the study at Sunnybrook Medical Centre by Dr. Tator regarding the number of hockey injuries; and (3) the Sports Medicine Division of the Ontario Sports Centre. *April 24th, 1984.*
323. *Mr. Johnston (Scarborough West)*—Enquiry of the Ministry—Would the Minister of Correctional Services provide the number of retarded or low intellectual functioning clients of the correctional facilities in the province according to the category of facility, to the age of the clients (i.e. 16-18 year olds and adults) and, if possible, with a correlation of types and lengths of sentences. *April 25th, 1984.*
324. *Mr. Wrye*—Enquiry of the Ministry—Will the Attorney General advise the House on the number of outstanding orders for family support from negligent spouses that currently exist in Ontario. *April 27th, 1984.*
325. *Mr. Wrye*—Enquiry of the Ministry—Will the Minister of Community and Social Services advise the House of: (a) the total number of Orders-in-Council for personal attendant care that have been requested, and (b) the number of successful applications. *April 27th, 1984.*
326. *Mr. Laughren*—Enquiry of the Ministry—Will the Minister of Natural Resources provide the results of the review undertaken in October, 1983, by the task force of the Forest Resources Group pertaining to the procedures and measures of forest regeneration. *April 27th, 1984.*
327. *Ms Capps*—Enquiry of the Ministry—How much money is the Government of Ontario spending to establish a central co-ordinating office for sports medicine. Why is the office under the aegis of the Ministry of Tourism and Recreation, not Health. *May 1st, 1984.*

328. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health table his Ministry's review of operation of the Hawkesbury hospital as a result of the takeover by AMI. *May 1st, 1984.*
329. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health provide a list of agencies by municipality who provide nursing and homemaking services under the Homecare program. Will the Minister table the amount of dollars paid to each agency in the last fiscal year for which figures are available. *May 1st, 1984.*
330. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Community and Social Services provide a list of agencies by municipality and the amount paid to these agencies under the *Homemaker and Nursing Services Act* in the last fiscal year for which figures are available. *May 1st, 1984.*
331. *Mr. Philip*—Enquiry of the Ministry—Would the Minister provide the House with the following information: (1) what percentage of the total locksmith work done for Metro Toronto Housing Authority has been awarded to one company, Action Locksmith Inc., over the past three fiscal years; (2) during the same period, what is the total dollar value for all such locksmith work done; (3) what is the total amount paid to Action Locksmith Inc. for work done in these years; and (4) list each company awarded locksmith work in the last three fiscal years, along with the hourly labour charged by each. *May 2nd, 1984.*
332. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister provide, for the year 1982-83, the amount of money spent by the Ministry on Forest Management Agreements. Will the Ministry break this total down into monies paid to the firms holding the FMAs and monies spent directly by the Ministry of FMA lands. *May 4th, 1984.*
333. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister of Natural Resources provide, for the year 1982-83, the total acreage of forest land that was cut over and which is not available for regeneration treatment. *May 4th, 1984.*
334. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health give the dates on which there were 1,000 empty hospital beds available in Metropolitan Toronto. In the reply would the Minister indicate which hospitals the beds were located in. If the Minister does not keep records which enable it to give a specific response, will the Minister table any survey or other research it has done which would lead to the conclusion that large numbers of hospital beds have been available for medical use in Metropolitan Toronto at any time in the last three years. *May 7th, 1984.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Item No. 12

Mr. Foulds—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child. *To be debated Thursday, May 10th, 1984.*

Ballot Item No. 13

Mr. Cureatz—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law. *To be debated Thursday, May 10th, 1984.*

Ballot Item No. 14

Second Reading Bill 53, An Act to amend the Planning Act, 1983. Mr. Spensieri. To be debated Thursday, May 17th, 1984.

Ballot Item No. 15

Mr. Grande—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential

property tax system to eliminate inequities particularly as they affect small businesses. *To be debated Thursday, May 17th, 1984.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the con-

tribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984.*

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents,

reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

332. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister provide, for the year 1982-83, the amount of money spent by the Ministry on Forest Management Agreements. Will the Ministry break this total down into monies paid to the firms holding the FMAs and monies spent directly by the Ministry of FMA lands. *May 4th, 1984.*
333. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister of Natural Resources provide, for the year 1982-83, the total acreage of forest land that was cut over and which is not available for regeneration treatment. *May 4th, 1984.*
334. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health give the dates on which there were 1,000 empty hospital beds available in Metropolitan Toronto. In the reply would the Minister indicate which hospitals the beds were located in. If the Minister does not keep records which enable it to give a specific response, will the Minister table any survey or other research it has done which would lead to the conclusion that large numbers of hospital beds have been available for medical use in Metropolitan Toronto at any time in the last three years. *May 7th, 1984.*

NOTICES

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstra-

tion project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.

9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.
14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the con-

tribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

- a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;
- b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984.*

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.
20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances uses, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents,

reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

332. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister provide, for the year 1982-83, the amount of money spent by the Ministry on Forest Management Agreements. Will the Ministry break this total down into monies paid to the firms holding the FMAs and monies spent directly by the Ministry of FMA lands. *May 4th, 1984.*

333. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister of Natural Resources provide, for the year 1982-83, the total acreage of forest land that was cut over and which is not available for regeneration treatment. *May 4th, 1984.*

334. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health give the dates on which there were 1,000 empty hospital beds available in Metropolitan Toronto. In the reply would the Minister indicate which hospitals the beds were located in. If the Minister does not keep records which enable it to give a specific response, will the Minister table any survey or other research it has done which would lead to the conclusion that large numbers of hospital beds have been available for medical use in Metropolitan Toronto at any time in the last three years. *May 7th, 1984.*

335. *Mr. Allen*—Enquiry of the Ministry—Would the Minister of Colleges and Universities advise the House which U.S. degree-granting institutions have applied for consent to offer degree programs in Ontario. Which applicants have been denied such consent. For which programs has consent been granted, to which institutions and at which Ontario locations. What are the terms and conditions, if any, applied to such consents. In which instances has the Minister requested proof, in accordance with Point 2(b) of the Ministry of Colleges and Universities Policy Statement re: The Granting of Ministerial Consents, that: (a) the appropriate accrediting agency has certified that the degree program offered in Ontario meets the same standards that apply to the accredited institution's degree program in the U.S.; and (b) the appropriate accrediting agency has conducted a recent inspection of the premises and training facilities where the degree program is offered in Ontario. What is the nature of the proof received. Have any independent verification measures been undertaken by the Ministry. What assessment has been made of the impact of current and prospective enrolment in the programs for which consent has been granted upon the current and prospective enrolments of Ontario universities offering comparable programs. What information on current and prospective enrolment in programs for which consent has been granted has been requested from the applicant institutions. What information does the Ministry have from any other sources on such enrolments. What assessment has the Ministry made of admission requirements of programs for which consent has been granted in comparison with admission requirements in comparable Ontario university programs. *May 9th, 1984.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Item No. 12

Mr. Foulds—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child. *To be debated Thursday, May 10th, 1984.*

Ballot Item No. 13

Mr. Cureatz—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law. *To be debated Thursday, May 10th, 1984.*

Ballot Item No. 14

Second Reading Bill 53, An Act to amend the Planning Act, 1983. Mr. Spensieri. *To be debated Thursday, May 17th, 1984.*

Ballot Item No. 15

Mr. Grande—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. GOVERNMENT MOTION

4. *Mr. Davis*, seconded by *Mr. Peterson* and *Mr. Rae*—Resolution—That in light of the tragic event which occurred in the Quebec National Assembly on Tuesday, May 8, the Speaker convey to the President of that Assembly the heartfelt concern and sympathy of the Members of this House over the loss of life and injuries sustained by those dedicated men and women who have been servants of that House; And that this House recognize and salute the Sergeant-at-Arms of the Quebec National Assembly for his selfless and courageous action to prevent further loss in the face of grave danger; And that the Members of this House join in extending personal messages of condolence to the President and all Members of the Quebec National Assembly and to the bereaved and the assurances of the fraternal support of this House.

M. Davis (secondé par *M. Peterson* et *M. Rae*)—Résolution—QU'IL SOIT RÉSOLU QUE, suite à l'événement tragique qui a frappé l'Assemblée nationale du Québec le mardi 8 mai, le président fasse part au président de l'Assemblée nationale de la profonde sympathie qui anime les députés de l'Assemblée législative de l'Ontario face aux décès tragiques et aux blessures subies par des hommes et des femmes au service de l'Assemblée nationale; QU'IL SOIT RÉSOLU QUE nous, de l'Assemblée législative de l'Ontario, rendions hommage au sergent d'armes de l'Assemblée nationale du Québec pour le courage et le dévouement dont il a fait preuve pour épargner d'autres vies; QU'IL SOIT RÉSOLU QUE les députés de l'Assemblée législative de l'Ontario offrent leurs condoléances aux familles des victimes de cet événement et assurent le président et les députés de l'Assemblée nationale du Québec de leur appui fraternel.

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,
 and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who

have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.

3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.
8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.

10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.

11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.

13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.

14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

16. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.

17. *Mr. Cureatz*—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow

municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law.

18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended 1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature (3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended 2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts (3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended 3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions (3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assem-

blée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984.*

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e)

reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents, reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

21. *Mr. Samis*—Resolution—That the Provincial Secretariats for Resources Development, for Social Development and for Justice be abolished and that a new Ministry of Eastern Affairs be created. Such a ministry would have jurisdiction in the counties of Glengarry, Stormont, Dundas, Grenville, Leeds, Frontenac, Addington, Prince Edward, Lennox, Hastings, Peterbor-

ough, Northumberland, Lanark, Carleton, Victoria, Haliburton, Prescott-Russell and Renfrew. The function of the ministry would be to co-ordinate activities and initiate policies and programs for the government in Eastern Ontario, including: (1) Preparing and recommending government plans, policies and priorities for Eastern Ontario; (2) Establishing and administering ministry programs and co-ordinating government programs and services relating to Eastern Ontario; (3) Advising and participating in the planning and financing of government programs, services and activities in Eastern Ontario, provided by other ministries; (4) Improving the accessibility of the programs, services and activities of the government of Ontario to the residents of Eastern Ontario; (5) Making recommendations regarding priorities for research of social and economic conditions of all areas of Eastern Ontario; (6) Administering such other programs and performing such other duties as assigned to it by any Act or by the Lieutenant Governor in Council. In short, the ministry would act as an advocate for people of the East, as a co-ordinator of programs and services and an initiator and implementor of programs in its own right.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

332. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister provide, for the year 1982-83, the amount of money spent by the Ministry on Forest Management Agreements. Will the Ministry break this total down into monies paid to the firms holding the FMAs and monies spent directly by the Ministry of FMA lands. *May 4th, 1984.*
333. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister of Natural Resources provide, for the year 1982-83, the total acreage of forest land that was cut over and which is not available for regeneration treatment. *May 4th, 1984.*
334. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health give the dates on which there were 1,000 empty hospital beds available in Metropolitan Toronto. In the reply would the Minister indicate which hospitals the beds were located in. If the Minister does not keep records which enable it to give a specific response, will the Minister table any survey or other research it has done which would lead to the conclusion that large numbers of hospital beds have been available for medical use in Metropolitan Toronto at any time in the last three years. *May 7th, 1984.*
335. *Mr. Allen*—Enquiry of the Ministry—Would the Minister of Colleges and Universities advise the House which U.S. degree-granting institutions have applied for consent to offer degree programs in Ontario. Which applicants have been denied such consent. For which programs has consent been granted, to which institutions and at which Ontario locations. What are the terms and conditions, if any, applied to such consents. In which instances has the Minister requested proof, in accordance with Point 2(b) of the Ministry of Colleges and Universities Policy Statement re: The Granting of Ministerial Consents, that: (a) the appropriate accrediting agency has certified that the degree program offered in Ontario meets the same standards that apply to the accredited institution's degree program in the U.S.; and (b) the appropriate accrediting agency has conducted a recent inspection of the premises and training facilities where the degree program is offered in Ontario. What is the nature of the proof received. Have any independent verification measures been undertaken by the Ministry. What assessment has been made of the impact of current and prospective enrolment in the programs for which consent has been granted upon the current and prospective enrolments of Ontario universities offering comparable programs. What information on current and prospective enrolment in programs for which consent has been granted has been requested from the applicant institutions. What information does the Ministry have from any other sources on such enrolments. What assessment has the Ministry made of admission requirements of programs for which consent has been granted in comparison with admission requirements in comparable Ontario university programs. *May 9th, 1984.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Item No. 12

Mr. Foulds—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within two years of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child. *To be debated today.*

Ballot Item No. 13

Mr. Cureatz—Resolution—That in the opinion of this House, in order to give local municipalities power to pass by-laws related to employee security in retail businesses, the Government should amend the *Municipal Act* to allow municipalities to pass by-laws to require retail businesses that are open to the public between 10 o'clock in the afternoon of any day and 5 o'clock in the forenoon of the following day to install such security devices as may be set out in the by-law. *To be debated today.*

GOVERNMENT MOTION

4. *Adopted May 10th, 1984.*
5. *Mr. Grossman*—Resolution—That this House approves in general the Budgetary Policy of the Government.

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing cen-

tres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.

8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the sur-

vey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.

14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

16 and 17. *Debated May 10th, 1984.*

18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with public
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language;
or

- (b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984*.

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In

order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents, reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquiries into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection

including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

21. *Mr. Samis*—Resolution—That the Provincial Secretariats for Resources Development, for Social Development and for Justice be abolished and that a new Ministry of Eastern Affairs be created. Such a ministry would have jurisdiction in the counties of Glengarry, Stormont, Dundas, Grenville, Leeds, Frontenac, Addington, Prince Edward, Lennox, Hastings, Peterborough, Northumberland, Lanark, Carleton, Victoria, Haliburton, Prescott-Russell and Renfrew. The function of the ministry would be to co-ordinate activities and initiate policies and programs for the government in Eastern Ontario, including: (1) Preparing and recommending government plans, policies and priorities for Eastern Ontario; (2) Establishing and administering ministry programs and co-ordinating government programs and services relating to Eastern Ontario; (3) Advising and participating in the planning and financing of government programs, services and activities in Eastern Ontario, provided by other ministries; (4) Improving the accessibility of the programs, services and activities of the government of Ontario to the residents of Eastern Ontario; (5) Making recommendations regarding priorities for research of social and economic conditions of all areas of Eastern Ontario; (6) Administering such other programs and performing such other duties as assigned to it by any Act or by the Lieutenant Governor in Council. In short, the ministry would act as an advocate for people of the East, as a co-ordinator of programs and services and an initiator and implementor of programs in its own right.
 22. *Mr. Kennedy*—Resolution—That in the opinion of this House, the Government should take immediate action to double the maximum awards that may be made by the Criminal Injuries Compensation Board.
 23. *Mr. Kennedy*—Resolution—That the Government of Ontario should seek to amend the *Compensation for Victims of Crime Act* to ensure that the full cost of the care required by disabled victims of crime insofar as it is not covered by personal insurance and other government programs is met from public funds.
 24. *Mr. Sheppard*—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal.

Interim Answers to Questions Nos. 300 to 305 inclusive, 307 and 310 Tabled May
10th, 1984. Approximate date information available May 25th, 1984.

332. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister provide, for the year 1982-83, the amount of money spent by the Ministry on Forest Management Agreements. Will the Ministry break this total down into monies paid to the firms holding the FMAs and monies spent directly by the Ministry of FMA lands. *May 4th, 1984.*

333. *Mr. Stokes*—Enquiry of the Ministry—Will the Minister of Natural Resources provide, for the year 1982-83, the total acreage of forest land that was cut over and which is not available for regeneration treatment. *May 4th, 1984.*

334. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Health give the dates on which there were 1,000 empty hospital beds available in Metropolitan Toronto. In the reply would the Minister indicate which hospitals the beds were located in. If the Minister does not keep records which enable it to give a specific response, will the Minister table any survey or other research it has done which would lead to the conclusion that large numbers of hospital beds have been available for medical use in Metropolitan Toronto at any time in the last three years. *May 7th, 1984.*

335. *Mr. Allen*—Enquiry of the Ministry—Would the Minister of Colleges and Universities advise the House which U.S. degree-granting institutions have applied for consent to offer degree programs in Ontario. Which applicants have been denied such consent. For which programs has consent been granted, to which institutions and at which Ontario locations. What are the terms and conditions, if any, applied to such consents. In which instances has the Minister requested proof, in accordance with Point 2(b) of the Ministry of Colleges and Universities Policy Statement re: The Granting of Ministerial Consents, that: (a) the appropriate accrediting agency has certified that the degree program offered in Ontario meets the same standards that apply to the accredited institution's degree program in the U.S.; and (b) the appropriate accrediting agency has conducted a recent inspection of the premises and training facilities where the degree program is offered in Ontario. What is the nature of the proof received. Have any independent verification measures been undertaken by the Ministry. What assessment has been made of the impact of current and prospective enrolment in the programs for which consent has been granted upon the current and prospec-

tive enrolments of Ontario universities offering comparable programs. What information on current and prospective enrolment in programs for which consent has been granted has been requested from the applicant institutions. What information does the Ministry have from any other sources on such enrolments. What assessment has the Ministry made of admission requirements of programs for which consent has been granted in comparison with admission requirements in comparable Ontario university programs. *May 9th, 1984.*

336. *Mr. Rae*—Enquiry of the Ministry—Will the Minister of Health provide a copy of the report done for the Mental Health Division by Medicus Canada which studied the Thunder Bay Psychiatric Hospital, Brockville Psychiatric Hospital and London Psychiatric Hospital in 1982. *May 11th, 1984.*

NOTICES

GOVERNMENT MOTION

5. *Mr. Grossman*—Resolution—That this House approves in general the Budgetary Policy of the Government.
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial

nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.

8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in ses-

sion, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.

14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

- Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

- Article 17 modifié 1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

- Article 19 modifié 2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la Législature de l'Ontario (3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

- Article 20 modifié 3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communications entre les administrés et les institutions de l'Ontario (3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

- Titre 4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984*.

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of

revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents, reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of

intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

21. *Mr. Samis*—Resolution—That the Provincial Secretariats for Resources Development, for Social Development and for Justice be abolished and that a new Ministry of Eastern Affairs be created. Such a ministry would have jurisdiction in the counties of Glengarry, Stormont, Dundas, Grenville, Leeds, Frontenac, Addington, Prince Edward, Lennox, Hastings, Peterborough, Northumberland, Lanark, Carleton, Victoria, Haliburton, Prescott-Russell and Renfrew. The function of the ministry would be to co-ordinate activities and initiate policies and programs for the government in Eastern Ontario, including: (1) Preparing and recommending government plans, policies and priorities for Eastern Ontario; (2) Establishing and administering ministry programs and co-ordinating government programs and services relating to Eastern Ontario; (3) Advising and participating in the planning and financing of government programs, services and activities in Eastern Ontario, provided by other ministries; (4) Improving the accessibility of the programs, services and activities of the government of Ontario to the residents of Eastern Ontario; (5) Making recommendations regarding priorities for research of social and economic conditions of all areas of Eastern Ontario; (6) Administering such other programs and performing such other duties as assigned to it by any Act or by the Lieutenant Governor in Council. In short, the ministry would act as an advocate for people of the East, as a co-ordinator of programs and services and an initiator and implementor of programs in its own right.

 22. *Mr. Kennedy*—Resolution—That in the opinion of this House, the Government should take immediate action to double the maximum awards that may be made by the Criminal Injuries Compensation Board.

 23. *Mr. Kennedy*—Resolution—That the Government of Ontario should seek to amend the *Compensation for Victims of Crime Act* to ensure that the full cost of the care required by disabled victims of crime insofar as it is not covered by personal insurance and other government programs is met from public funds.

 24. *Mr. Sheppard*—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Item No. 14

Second Reading Bill 53, An Act to amend the Planning Act, 1983. *Mr. Spensieri. To be debated Thursday, May 24th, 1984.*

Ballot Item No. 15

*Mr. Grande—Resolution—*That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses. *To be debated Thursday, May 24th, 1984.*

Ballot Item No. 16

*Mr. Sheppard—Resolution—*That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal. *To be debated Thursday, May 31st, 1984.*

NOTICES

GOVERNMENT MOTION

5. *Mr. Grossman*—Resolution—That this House approves in general the Budgetary Policy of the Government.
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial

nation that has no provision for midwifery, and in order that the infant mortality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.

8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in ses-

sion, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.

14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

(3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

(3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

(3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

(a) there is a significant demand for communication with and services from the office in such language; or

(b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984*.

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of

revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents, reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of

intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

21. *Mr. Samis*—Resolution—That the Provincial Secretariats for Resources Development, for Social Development and for Justice be abolished and that a new Ministry of Eastern Affairs be created. Such a ministry would have jurisdiction in the counties of Glengarry, Stormont, Dundas, Grenville, Leeds, Frontenac, Addington, Prince Edward, Lennox, Hastings, Peterborough, Northumberland, Lanark, Carleton, Victoria, Haliburton, Prescott-Russell and Renfrew. The function of the ministry would be to co-ordinate activities and initiate policies and programs for the government in Eastern Ontario, including: (1) Preparing and recommending government plans, policies and priorities for Eastern Ontario; (2) Establishing and administering ministry programs and co-ordinating government programs and services relating to Eastern Ontario; (3) Advising and participating in the planning and financing of government programs, services and activities in Eastern Ontario, provided by other ministries; (4) Improving the accessibility of the programs, services and activities of the government of Ontario to the residents of Eastern Ontario; (5) Making recommendations regarding priorities for research of social and economic conditions of all areas of Eastern Ontario; (6) Administering such other programs and performing such other duties as assigned to it by any Act or by the Lieutenant Governor in Council. In short, the ministry would act as an advocate for people of the East, as a coordinator of programs and services and an initiator and implementor of programs in its own right.

 22. *Mr. Kennedy*—Resolution—That in the opinion of this House, the Government should take immediate action to double the maximum awards that may be made by the Criminal Injuries Compensation Board.

 23. *Mr. Kennedy*—Resolution—That the Government of Ontario should seek to amend the *Compensation for Victims of Crime Act* to ensure that the full cost of the care required by disabled victims of crime insofar as it is not covered by personal insurance and other government programs is met from public funds.

 24. *Mr. Sheppard*—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

336. *Mr. Rae*—Enquiry of the Ministry—Will the Minister of Health provide a copy of the report done for the Mental Health Division by Medicus Canada which studied the Thunder Bay Psychiatric Hospital, Brockville Psychiatric Hospital and London Psychiatric Hospital in 1982. *May 11th, 1984.*
337. *Mr. Allen*—Enquiry of the Ministry—Will the Treasurer table the Government survey allegedly revealing that 61% of the public recommended that if reductions were necessary in the Ontario budget the arts should be the first to be cut, as contended in a November, 1983, presentation to senior officials of the Ministry of Citizenship and Culture, its agencies and representatives of the major performing arts organizations. How much did this survey cost, who conducted it and how large was the sample surveyed. Why were the survey and its results not supplied to the Special Committee for the Arts when requested by that body. *May 15th, 1984.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Item No. 14

Second Reading Bill 53, An Act to amend the Planning Act, 1983. Mr. Spensieri. To be debated Thursday, May 24th, 1984.

Ballot Item No. 15

Mr. Grande—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses. To be debated Thursday, May 24th, 1984.

Ballot Item No. 16

*Mr. Sheppard—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal. To be debated Thursday, May 31st, 1984.*

GOVERNMENT MOTION

5. *Debated May 15th, 1984.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mor-

tality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.

8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.

14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

- (3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

- (3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

- (3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

- (a) there is a significant demand for communication with and services from the office in such language; or
- (b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

- Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario)*, 1984.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

- Article 17
modifié 1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

- Article 19
modifié 2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario (3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

- Article 20
modifié 3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario (3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

- Titre 4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984.*

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of

revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents, reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of

intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

21. *Mr. Samis*—Resolution—That the Provincial Secretariats for Resources Development, for Social Development and for Justice be abolished and that a new Ministry of Eastern Affairs be created. Such a ministry would have jurisdiction in the counties of Glengarry, Stormont, Dundas, Grenville, Leeds, Frontenac, Addington, Prince Edward, Lennox, Hastings, Peterborough, Northumberland, Lanark, Carleton, Victoria, Haliburton, Prescott-Russell and Renfrew. The function of the ministry would be to co-ordinate activities and initiate policies and programs for the government in Eastern Ontario, including: (1) Preparing and recommending government plans, policies and priorities for Eastern Ontario; (2) Establishing and administering ministry programs and co-ordinating government programs and services relating to Eastern Ontario; (3) Advising and participating in the planning and financing of government programs, services and activities in Eastern Ontario, provided by other ministries; (4) Improving the accessibility of the programs, services and activities of the government of Ontario to the residents of Eastern Ontario; (5) Making recommendations regarding priorities for research of social and economic conditions of all areas of Eastern Ontario; (6) Administering such other programs and performing such other duties as assigned to it by any Act or by the Lieutenant Governor in Council. In short, the ministry would act as an advocate for people of the East, as a co-ordinator of programs and services and an initiator and implementor of programs in its own right.

22. *Mr. Kennedy*—Resolution—That in the opinion of this House, the Government should take immediate action to double the maximum awards that may be made by the Criminal Injuries Compensation Board.

23. *Mr. Kennedy*—Resolution—That the Government of Ontario should seek to amend the *Compensation for Victims of Crime Act* to ensure that the full cost of the care required by disabled victims of crime insofar as it is not covered by personal insurance and other government programs is met from public funds.

24. *Mr. Sheppard*—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal.

25. *Mr. Edighoffer*—Resolution—That this House urges all municipalities which have not already done so to pass by-laws restricting the open display in retail stores of materials such as books, magazines and video tapes, which are appealing to or designed to appeal to erotic or sexual appetites, or which depict images of exaggerated violence, and that such open display be restricted through the use of opaque barriers of a size and nature which would ensure that the covers of such books, magazines or video tapes, save only the names thereof, may not be seen by the public.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

336. *Mr. Rae*—Enquiry of the Ministry—Will the Minister of Health provide a copy of the report done for the Mental Health Division by Medicus Canada which studied the Thunder Bay Psychiatric Hospital, Brockville Psychiatric Hospital and London Psychiatric Hospital in 1982. *May 11th, 1984.*
337. *Mr. Allen*—Enquiry of the Ministry—Will the Treasurer table the Government survey allegedly revealing that 61% of the public recommended that if reductions were necessary in the Ontario budget the arts should be the first to be cut, as contended in a November, 1983, presentation to senior officials of the Ministry of Citizenship and Culture, its agencies and representatives of the major performing arts organizations. How much did this survey cost, who conducted it and how large was the sample surveyed. Why were the survey and its results not supplied to the Special Committee for the Arts when requested by that body. *May 15th, 1984.*
338. *Mr. Charlton*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations table answers to the following questions: (1) what is the current percentage of beer cans to beer bottles being retailed in the Province of Ontario; (2) how is this percentage determined; (3) is there a ratio which has been established by the Ministry which determines the number of cans in relation to the number of bottles which breweries can use to contain beer; (4) is there a regulation or are there guidelines set to determine this ratio; (5) do the breweries set their own quotas voluntarily on the number of cans that are used now for beer as opposed to the number of bottles; and (6) is there any restriction on the use of aluminum or any other metal for beer cans. *May 16th, 1984.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Item No. 14

Second Reading Bill 53, An Act to amend the Planning Act, 1983. Mr. Spensieri. To be debated Thursday, May 24th, 1984.

Ballot Item No. 15

Mr. Grande—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses. To be debated Thursday, May 24th, 1984.

Ballot Item No. 16

*Mr. Sheppard—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal. To be debated Thursday, May 31st, 1984.*

Ballot Item No. 17

Mr. Edighoffer—Resolution—That this House urges all municipalities which have not already done so to pass by-laws restricting the open display in retail stores of materials such as books, magazines and video tapes, which are appealing to or designed to appeal to erotic or sexual appetites, or which depict images of exaggerated violence, and that such open display be restricted through the use of opaque barriers of a size and nature which would ensure that the covers of such books, magazines or video tapes, save only the names thereof, may not be seen by the public. To be debated Thursday, May 31st, 1984.

NOTICES

GOVERNMENT MOTION

5. *Debated May 15th, 1984.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mor-

tality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.

8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.

14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:
- s. 17,
amended 1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:
- Proceedings
of Ontario
legislature (3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.
- s. 19,
amended 2. Section 19 of the said Charter is amended by adding thereto the following subsection:
- Proceedings
in Ontario
courts (3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.
- s. 20,
amended 3. Section 20 of the said Charter is amended by adding thereto the following subsection:
- Communi-
cations
by public
with Ontario
institutions (3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,
- (a) there is a significant demand for communication with and services from the office in such language; or
- (b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

- Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

- Article 17 modifié 1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

- Article 19 modifié 2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la Législature de l'Ontario (3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

- Article 20 modifié 3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communications entre les administrés et les institutions de l'Ontario (3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

- Titre 4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984*.

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of

revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances uses, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents, reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of

intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

21. *Mr. Samis*—Resolution—That the Provincial Secretariats for Resources Development, for Social Development and for Justice be abolished and that a new Ministry of Eastern Affairs be created. Such a ministry would have jurisdiction in the counties of Glengarry, Stormont, Dundas, Grenville, Leeds, Frontenac, Addington, Prince Edward, Lennox, Hastings, Peterborough, Northumberland, Lanark, Carleton, Victoria, Haliburton, Prescott-Russell and Renfrew. The function of the ministry would be to co-ordinate activities and initiate policies and programs for the government in Eastern Ontario, including: (1) Preparing and recommending government plans, policies and priorities for Eastern Ontario; (2) Establishing and administering ministry programs and co-ordinating government programs and services relating to Eastern Ontario; (3) Advising and participating in the planning and financing of government programs, services and activities in Eastern Ontario, provided by other ministries; (4) Improving the accessibility of the programs, services and activities of the government of Ontario to the residents of Eastern Ontario; (5) Making recommendations regarding priorities for research of social and economic conditions of all areas of Eastern Ontario; (6) Administering such other programs and performing such other duties as assigned to it by any Act or by the Lieutenant Governor in Council. In short, the ministry would act as an advocate for people of the East, as a co-ordinator of programs and services and an initiator and implementor of programs in its own right.

 22. *Mr. Kennedy*—Resolution—That in the opinion of this House, the Government should take immediate action to double the maximum awards that may be made by the Criminal Injuries Compensation Board.

 23. *Mr. Kennedy*—Resolution—That the Government of Ontario should seek to amend the *Compensation for Victims of Crime Act* to ensure that the full cost of the care required by disabled victims of crime insofar as it is not covered by personal insurance and other government programs is met from public funds.

 24. *Mr. Sheppard*—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal.

 25. *Mr. Edighoffer*—Resolution—That this House urges all municipalities which have not already done so to pass by-laws restricting the open display in retail stores of materials such as books, magazines and video tapes, which are appealing to or designed to appeal to erotic or sexual appetites, or which depict images of exaggerated violence, and that such open display be restricted through the use of opaque barriers of a size and nature which would ensure that the covers of such books, magazines or video tapes, save only the names thereof, may not be seen by the public.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

336. *Mr. Rae*—Enquiry of the Ministry—Will the Minister of Health provide a copy of the report done for the Mental Health Division by Medicus Canada which studied the Thunder Bay Psychiatric Hospital, Brockville Psychiatric Hospital and London Psychiatric Hospital in 1982. *May 11th, 1984.*
337. *Mr. Allen*—Enquiry of the Ministry—Will the Treasurer table the Government survey allegedly revealing that 61% of the public recommended that if reductions were necessary in the Ontario budget the arts should be the first to be cut, as contended in a November, 1983, presentation to senior officials of the Ministry of Citizenship and Culture, its agencies and representatives of the major performing arts organizations. How much did this survey cost, who conducted it and how large was the sample surveyed. Why were the survey and its results not supplied to the Special Committee for the Arts when requested by that body. *May 15th, 1984.*
338. *Mr. Charlton*—Enquiry of the Ministry—Would the Minister of Consumer and Commercial Relations table answers to the following questions: (1) what is the current percentage of beer cans to beer bottles being retailed in the Province of Ontario; (2) how is this percentage determined; (3) is there a ratio which has been established by the Ministry which determines the number of cans in relation to the number of bottles which breweries can use to contain beer; (4) is there a regulation or are there guidelines set to determine this ratio; (5) do the breweries set their own quotas voluntarily on the number of cans that are used now for beer as opposed to the number of bottles; and (6) is there any restriction on the use of aluminum or any other metal for beer cans. *May 16th, 1984.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:
 7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mor-

tality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.

8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.

14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.

18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

- (3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

- (3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

- (3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

- (a) there is a significant demand for communication with and services from the office in such language; or

- (b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

Citation

4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

Article 17
modifié

1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

Article 19
modifié

2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la
Législature
de l'Ontario

(3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

Article 20
modifié

3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communi-
cations
entre les
administrés
et les
institutions
de l'Ontario

(3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

Titre

4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984*.

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of

revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents, reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of

intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

21. *Mr. Samis*—Resolution—That the Provincial Secretariats for Resources Development, for Social Development and for Justice be abolished and that a new Ministry of Eastern Affairs be created. Such a ministry would have jurisdiction in the counties of Glengarry, Stormont, Dundas, Grenville, Leeds, Frontenac, Addington, Prince Edward, Lennox, Hastings, Peterborough, Northumberland, Lanark, Carleton, Victoria, Haliburton, Prescott-Russell and Renfrew. The function of the ministry would be to co-ordinate activities and initiate policies and programs for the government in Eastern Ontario, including: (1) Preparing and recommending government plans, policies and priorities for Eastern Ontario; (2) Establishing and administering ministry programs and co-ordinating government programs and services relating to Eastern Ontario; (3) Advising and participating in the planning and financing of government programs, services and activities in Eastern Ontario, provided by other ministries; (4) Improving the accessibility of the programs, services and activities of the government of Ontario to the residents of Eastern Ontario; (5) Making recommendations regarding priorities for research of social and economic conditions of all areas of Eastern Ontario; (6) Administering such other programs and performing such other duties as assigned to it by any Act or by the Lieutenant Governor in Council. In short, the ministry would act as an advocate for people of the East, as a co-ordinator of programs and services and an initiator and implementor of programs in its own right.

 22. *Mr. Kennedy*—Resolution—That in the opinion of this House, the Government should take immediate action to double the maximum awards that may be made by the Criminal Injuries Compensation Board.

 23. *Mr. Kennedy*—Resolution—That the Government of Ontario should seek to amend the *Compensation for Victims of Crime Act* to ensure that the full cost of the care required by disabled victims of crime insofar as it is not covered by personal insurance and other government programs is met from public funds.

 24. *Mr. Sheppard*—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal.

 25. *Mr. Edighoffer*—Resolution—That this House urges all municipalities which have not already done so to pass by-laws restricting the open display in retail stores of materials such as books, magazines and video tapes, which are appealing to or designed to appeal to erotic or sexual appetites, or which depict images of exaggerated violence, and that such open display be restricted through the use of opaque barriers of a size and nature which would ensure that the covers of such books, magazines or video tapes, save only the names thereof, may not be seen by the public.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Item No. 14

Second Reading Bill 53, An Act to amend the Planning Act, 1983. *Mr. Spensieri. To be debated Thursday, May 24th, 1984.*

Ballot Item No. 15

Mr. Grande—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses. *To be debated Thursday, May 24th, 1984.*

Ballot Item No. 16

Mr. Sheppard—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal. *To be debated Thursday, May 31st, 1984.*

Ballot Item No. 17

Mr. Edighoffer—Resolution—That this House urges all municipalities which have not already done so to pass by-laws restricting the open display in retail stores of materials such as books, magazines and video tapes, which are appealing to or designed to appeal to erotic or sexual appetites, or which depict images of exaggerated violence, and that such open display be restricted through the use of opaque barriers of a size and nature which would ensure that the covers of such books, magazines or video tapes, save only the names thereof, may not be seen by the public. *To be debated Thursday, May 31st, 1984.*

NOTICES

GOVERNMENT MOTION

5. *Debated May 15th, 17th and 18th, 1984.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.
2. *Mr. Wrye*—Resolution—That in the opinion of this House the Government of Ontario should direct the Public Trustee to delay assuming management of a patient's estate under the *Mental Health Act* where the spouse or immediate family is seeking to have a committee appointed under the *Mental Incompetency Act*, and to help the families of victims of Alzheimer's disease who have not given powers of attorney by making application procedures for the appointment of such committees much simpler, less expensive and more effective, and to increase the Public Trustee's accountability in managing patients' estates by instructing the Public Trustee to give the patients' families accounting statements annually, rather than only on the patient's death, and that the surplus retained by the Public Trustee after paying salaries and expenses and establishing an assurance fund be not directed to the Consolidated Revenue Fund but be distributed to Ontario medical institutions as grants for research into degenerative brain diseases.
3. *Mr. Van Horne*—Resolution—That in the opinion of this House the Minister of Labour should appoint a board of inquiry to consider the obstacles and difficulties faced by Canadian football players seeking positions on C.F.L. teams and Canadian quarterbacks who seek positions on C.F.L. teams, the role played by the C.F.L.'s designated import rule in these situations, and possible solutions to the problems.
4. *Mr. Cooke*—Resolution—That in the opinion of this House the Government should incorporate midwifery as a fully-insured service under OHIP into the health care system by establishing midwifery as a self-regulating profession under the Health Disciplines Act with a College of Midwives that will set training standards, license midwives to practice in hospitals, birthing centres, domiciles and other settings and guarantee that emergency back-up services are in place, recognizing that Canada is the only western industrial nation that has no provision for midwifery, and in order that the infant mor-

tality rate may be lowered and the increased demand for safe, cost-effective and humane alternatives to current methods of child delivery may be met.

8. *Mr. Cooke*—Resolution—That in the opinion of this House, the Minister of Health should give initial approval to the proposal to establish a Toronto Birth Centre, and recommend that funding be granted for this demonstration project establishing a birth centre independent of hospital, as a model that can be adapted for use throughout the Province to provide expectant parents with education and care during pre- and post-natal periods as well as assistance in delivery for healthy mothers.
9. *Mr. Kolyn*—Resolution—That in recognition of the significant contribution that automatic traffic monitoring devices can make to the safety, efficiency, and convenience of vehicular travel in Ontario and acknowledging the increasing importance of microelectronics technology to the provincial economy, this House recommends the undertaking of a feasibility study of electronic accident prevention systems by the Ministry of Transportation and Communications with input from the Ministry of Industry and Trade, B.I.L.D., the IDEA Corporation and interested private sector parties in the field of electronic monitoring. The study should focus on the technical, economic, social and legal aspects of electronic accident prevention systems; it should determine the probable public and private social savings as a result of increased safety and efficiency of vehicular travel, the feasibility of creating an indigenous provincial manufacturing industry producing automated traffic monitoring systems and an estimate of the projected new employment that would result.
10. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House we should encourage the Parliament of Canada to endorse the provisions of the Peace Petition Caravan Campaign, namely that Canada should become a nuclear weapon free zone; that Cruise missile testing in Canada be ended; that money be redirected from the arms race to meet basic human needs; and that a free vote in the federal House on these issues be held.
11. *Mr. Di Santo*—Resolution—That in the opinion of this House the government, recognizing that the decision of the Toronto Transit Commission in May 1983 to restrict eligibility for the student fare to full-time students, 19 years of age and under places undue hardship on almost 3,000 adult secondary students living in Metropolitan Toronto, use its powers to convince the Toronto Transit Commissioner to make all duly registered secondary students, irrespective of age, eligible for student fare reductions and that all such students become eligible for a TTC monthly pass at an appropriate and reasonable student rate.
13. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House, the Government should, (1) table in the Assembly every survey of public opinion commissioned by the Government between March 1st, 1982 and today's date; (2) table in the Assembly every survey of public opinion commissioned by the Government after today's date, within one month of the day the survey is presented to the Government, unless the Assembly is not then in session, in which case the survey shall be filed with the Clerk of the Assembly; and (3) with every survey tabled, indicate its full cost and who carried it out.

14. *Mr. Rae*—Resolution—That in the opinion of this House the Family Law Reform Act should be amended to eliminate the present artificial and inequitable distribution between family and non-family assets and to replace it with a system of deferred community property which would recognize both spouses as equal in the partnership and give adequate recognition to the contribution of homemakers so that an equal sharing of all property and debts acquired during marriage excluding therefrom gifts, inheritances and property acquired by either spouse prior to the marriage.
18. *Mr. Roy*—Resolution—That as section 43 of the *Constitution Act, 1982*, provides that certain amendments under the Constitution of Canada that apply only to Ontario may be made by proclamation issued by the Governor General under the Great Seal of Canada as authorized by resolutions of the Senate, the House of Commons, and the Legislative Assembly of Ontario, this House hereby authorizes that the *Canadian Charter of Rights and Freedoms* be amended by proclamation of the Governor General under the Great Seal of Canada in the manner set out as follows:

s. 17,
amended

1. Section 17 of the *Canadian Charter of Rights and Freedoms* is amended by adding thereto the following subsection:

Proceedings
of Ontario
legislature

- (3) Everyone has the right to use English or French in any debates or other proceedings of the legislature of Ontario.

s. 19,
amended

2. Section 19 of the said Charter is amended by adding thereto the following subsection:

Proceedings
in Ontario
courts

- (3) Either English or French may be used by any person in, or in any pleading in a process issuing from, any court of Ontario that is designated by the Lieutenant Governor of Ontario as a bilingual court.

s. 20,
amended

3. Section 20 of the said Charter is amended by adding thereto the following subsection:

Communi-
cations
by public
with Ontario
institutions

- (3) Any member of the public in Ontario has the right to communicate with, and to receive available services from, any office of an institution of the legislature or government of Ontario in English or French where,

- (a) there is a significant demand for communication with and services from the office in such language; or

- (b) due to the nature of the office, it is reasonable that communications with and services from that office be available in both English and French.

- Citation 4. The amendments contained in this Schedule may be cited as the *Constitution Amendment Act (Ontario), 1984*.

M. Roy—Résolution—Étant donné que l'article 43 de la *Loi constitutionnelle de 1982* prévoit que certaines modifications relatives à la Constitution du Canada, et qui ne visent que l'Ontario, peuvent être apportées par proclamation par le Gouverneur général sous le grand sceau du Canada, après autorisation par résolution du Sénat, de la Chambre des communes et de l'Assemblée législative de l'Ontario, la Chambre autorise par la présente la modification de la *Charte canadienne des droits et libertés* par voie de proclamation du Gouverneur général sous le grand sceau du Canada, de la façon ci-après:

- Article 17 modifié 1. L'article 17 de la *Charte canadienne des droits et libertés* est modifié par l'adjonction du paragraphe suivant:

(3) Chacun a le droit d'employer le français ou l'anglais dans les débats et travaux de la Législature de l'Ontario.

- Article 19 modifié 2. L'article 19 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Travaux de la Législature de l'Ontario (3) Chacun a le droit d'employer le français ou l'anglais dans toutes les affaires dont sont saisis les tribunaux de l'Ontario qui sont désignés bilingues par le lieutenant-gouverneur de l'Ontario et dans tous les actes de procédure qui en découlent.

- Article 20 modifié 3. L'article 20 de ladite charte est modifié par l'adjonction du paragraphe suivant:

Communications entre les administrés et les institutions de l'Ontario (3) Le public a, en Ontario, droit à l'emploi du français ou de l'anglais pour communiquer avec tout bureau des institutions de la législature ou du gouvernement ou pour en recevoir des services là où, selon le cas:

a) l'emploi du français ou de l'anglais fait l'objet d'une demande importante;

b) l'emploi du français et de l'anglais se justifie par la vocation du bureau.

- Titre 4. Titre abrégé des modifications contenues dans la présente annexe: *Loi modifiant la loi constitutionnelle (Ontario) de 1984*.

19. *Mr. Grande*—Resolution—That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of

revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses.

20. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministry of Labour has failed to adequately protect the health and safety of workers; and that, in the opinion of this House, the *Occupational Health and Safety Act* shall be amended to include all workers, to require committees in all workplaces, and to incorporate a worker Bill of Rights which would include: (a) the right to a safe and healthy workplace through the promotion and maintenance of physical, mental and social well-being of workers; (b) the right of all workers to an unconditional right to refuse work in any unsafe situation whether the hazard directly threatens that worker, threatens another worker, or the public. This would include the right to group work refusals; (c) the right for worker or union health and safety representatives to shut down a workplace for reasons of health or safety; (d) the right of workers to full wage and benefit protection in all matters relating to health and safety including work refusals, or shutdowns; (e) the right to full information through material safety data sheets, posting and labelling of all hazards in the workplace. This would include the chemical name and the percentage volume by weight of all ingredients in substances used, exposure levels, health effects, and the right to full information on any testing undertaken in the workplace; (f) the right for worker health and safety representatives to undertake their own testing or monitoring of the workplace. Monitoring equipment be made available by the Ministry of Labour or management; (g) the right for worker health and safety representatives to investigate all accidents, fatalities or reported hazards in the workplace including full access to documents, reports and the right to interview co-workers and to inspect the work process or location involved; (h) the right to mandatory inquests into all workplace fatalities with the right to standing for worker health and safety representatives and their union, and with the right to full participation without restrictions; (i) the right of worker health and safety representatives to get strict enforcement of the Act by Ministry officials, including the right to demand that the Ministry prosecute any employer violating the Act or its regulations; the right to expedited decisions on prosecutions, demands for stricter penalties and an appeal process to challenge Ministry decisions not to prosecute; (j) the right of all workers to health and safety education in the language spoken in the workplace, the education to be the OFL 30-hour certificate course or a choice of the workers or union with management paying for the cost of the courses and lost wages; (k) the right to medical removal protection including full rate retention of workers wages and benefits if unable to work due to workplace disease, and full and adequate compensation if unable to return to work due to injury or illness; (l) the right of workers to ask the Ontario Labour Relations Board (OLRB) to award damages in cases of

intimidation; and (m) the right of workers or their union to an external appeal procedure for complaints under the *Occupational Health and Safety Act*.

21. *Mr. Samis*—Resolution—That the Provincial Secretariats for Resources Development, for Social Development and for Justice be abolished and that a new Ministry of Eastern Affairs be created. Such a ministry would have jurisdiction in the counties of Glengarry, Stormont, Dundas, Grenville, Leeds, Frontenac, Addington, Prince Edward, Lennox, Hastings, Peterborough, Northumberland, Lanark, Carleton, Victoria, Haliburton, Prescott-Russell and Renfrew. The function of the ministry would be to co-ordinate activities and initiate policies and programs for the government in Eastern Ontario, including: (1) Preparing and recommending government plans, policies and priorities for Eastern Ontario; (2) Establishing and administering ministry programs and co-ordinating government programs and services relating to Eastern Ontario; (3) Advising and participating in the planning and financing of government programs, services and activities in Eastern Ontario, provided by other ministries; (4) Improving the accessibility of the programs, services and activities of the government of Ontario to the residents of Eastern Ontario; (5) Making recommendations regarding priorities for research of social and economic conditions of all areas of Eastern Ontario; (6) Administering such other programs and performing such other duties as assigned to it by any Act or by the Lieutenant Governor in Council. In short, the ministry would act as an advocate for people of the East, as a co-ordinator of programs and services and an initiator and implementor of programs in its own right.
22. *Mr. Kennedy*—Resolution—That in the opinion of this House, the Government should take immediate action to double the maximum awards that may be made by the Criminal Injuries Compensation Board.
23. *Mr. Kennedy*—Resolution—That the Government of Ontario should seek to amend the *Compensation for Victims of Crime Act* to ensure that the full cost of the care required by disabled victims of crime insofar as it is not covered by personal insurance and other government programs is met from public funds.
24. *Mr. Sheppard*—Resolution—That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal.
25. *Mr. Edighoffer*—Resolution—That this House urges all municipalities which have not already done so to pass by-laws restricting the open display in retail stores of materials such as books, magazines and video tapes, which are appealing to or designed to appeal to erotic or sexual appetites, or which depict images of exaggerated violence, and that such open display be restricted through the use of opaque barriers of a size and nature which would ensure that the covers of such books, magazines or video tapes, save only the names thereof, may not be seen by the public.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

*(Precedence in accordance with the order of the House
passed on December 16th, 1983)*

Ballot Item No. 14

Second Reading Bill 53, An Act to amend the Planning Act, 1983. *Mr. Spensieri. To be debated Thursday, May 24th, 1984.*

Ballot Item No. 15

*Mr. Grande—Resolution—*That in the opinion of this House, the Government should create a new system for municipal finance which will reduce the burden of residential property taxes and phase out the present residential property tax system and replace it with a system which reflects ability to pay. In order to achieve these objectives, the Government should phase-in a series of reforms designed: (1) to reverse the process of shifting provincial spending obligations onto local taxpayers; (2) to shift the funding of education and social services from the residential property tax base to progressive sources of revenue; and (3) to restructure the financing of local hard services, so that they reflect benefit and ability to pay. Specifically, the following phased-in program should be followed: (a) immediate increases in municipal grants to reflect the cost of providing municipal services; (b) immediate assumption, by the provincial Government, of the full cost of welfare and related social services; (c) phased-in removal of the education portion of residential property taxes over a period of five years, thereby reducing property taxes by about 50%; (d) replacement of the remainder of the present residential property tax with a tax system that reflects benefit and ability to pay; and (e) reform of the non-residential property tax system to eliminate inequities particularly as they affect small businesses. *To be debated Thursday, May 24th, 1984.*

Ballot Item No. 16

*Mr. Sheppard—Resolution—*That in the opinion of this House, more equitable settlements are desirable when awards made under the *Line Fences Act* are appealed, and in order to affect such, this House supports amendments to the Act which would replace the current appeal system with an independent appeals tribunal. *To be debated Thursday, May 31st, 1984.*

Ballot Item No. 17

*Mr. Edighoffer—Resolution—*That this House urges all municipalities which have not already done so to pass by-laws restricting the open display in retail stores of materials such as books, magazines and video tapes, which are appealing to or designed to appeal to erotic or sexual appetites, or which depict images of exaggerated violence, and that such open display be restricted through the use of opaque barriers of a size and nature which would ensure that the covers of such books, magazines or video tapes, save only the names thereof, may not be seen by the public. *To be debated Thursday, May 31st, 1984.*
